

# DISCUSSION GUIDE

**April 11, 2021**

1. Can you think of something you wish you had known sooner in life?
2. We learned the importance of not doing life alone. God created us for relationships. What is one of your closest relationships? How has this relationship helped you?
3. We learned that Paul imparted wisdom to Timothy (things to avoid and things to pursue). What is something wise that has been passed down to you?
4. Paul's letters to Timothy are filled with encouragement. Specifically encouragement in things that really matter. How can you encourage someone in your life with things that really matter? What are some practical things you can do to accomplish this?
5. Two things God calls us to do: Share the Gospel and make disciples. Can you remember a time when someone shared the Gospel with you? Also, how does making a disciple happen from your viewpoint?
